

5 December 1958

MEMORANDUM FOR THE RECORD

STAT SUBJECT: Letter to Senator Humphrey from [redacted]

STAT By letter dated 20 November 1958, Betty Goetz of the Senate Disarmament Subcommittee on behalf of Senator Humphrey had asked if the Agency could assist in any way in answering a letter to the Senator from [redacted]. The letter dealt with the necessity of including Communist China in any disarmament arrangements. Also it posed the likelihood that the Soviets would be furnishing nuclear weapons to Communist China. After oral discussions with Miss Goetz on December 3, the letter was returned to her and she was satisfied with our discussion to the extent that she thought she could draft an appropriate reply for the Senator.
